CORRECTED AS OF JANUARY 1, 1970

The Board of Real Estate Commissioners was established by an Act of the State Legislature in 1943. Chapter 27A (p. 20) of the Ordinances of 1954, Chapter 2, changed the name to "Real Property Department" but the statute is incorporated into the ordinance by reference. Since that time the Board has had the care, custody, management, and control of thousands of lots of land which came into the City's possession via the Land Court, as a result of non-payment of taxes by previous owners.

The problem of keeping the general public advised as to the extent of the City's real estate holdings available for purchase is a perplexing one, and it is hoped by the Board that through the medium of this publication the purchasing public, through careful perusal of the following pages, will become familiar not only with the available parcels for sale, but also the method and manner by which the parcels can be acquired by private individuals.

The thousands of persons who annually seek information at the Office of the Real Property Department are genuinely surprised when informed as to the extent of the city's ownership of properties throughout Boston and the facilities with which the properties could be purchased.

It is well to remember that under no circumstances can the Board sell any property under its control at a private sale. The only method established by the legislature for acquisition of the within-described parcels is by public auction. The law further provides that the Chairman of the Board may reject any or all bids where, in his opinion, no bid is made which approximates the fair value of the property. The Chairman's action is subject to regulation by the Board as to his procedure. Said procedure, established by the Board, was created for the purpose of processing the many parcels sought by the public as expeditiously as possible. The preliminary step to be taken by an individual seeking to purchase a parcel of land under the jurisdiction of this department is to file an application, a facsimile of which may be found in this book. The individual makes an initial offer directed to the attention of the Committee on Foreclosed Real Estate, which Committee consists of three members of the board appointed by his Honor the Mayor. The Committee acts upon each application separately and establishes a minimum price that it will approve at public auction. The individual who made the offer is then notified that the Committee has either accepted his offer as minimum price, or that the Committee has rejected the offer and has established a different minimum price than that offered.

The offeror, is satisfied with the price established by the Committee, then transmits to the Office of the Real Property Department a deposit in the amount of twenty-five (25) dollars, as a guarantee that he will appear at public auction sale, at the time and place set by the Committee, for the purpose of bidding. In the event that he appears at the sale and is the high bidder at public auction, the twenty-five (25) dollar deposit will be credited toward the purchase price. On the other hand, if he appears at the sale and is not the high bidder, his twenty-five (25) dollar deposit will be returned to him. In the event that the depositor does not appear at the sale, then he forfeits his twenty-five (25) dollar deposit, which amount is used toward covering the expenses entailed by the City in properly advertising the sale.

In compliance with the governing statutes an adequate description of each

parcel about to be sold is posted for fourteen consecutive days on the bulletin board in the Office of the Real Property Department and also on the bulletin board at (the Suffolk County Court House) The notice also contains the minimum price established by the Committee and the place, date, and hour of the sale,. The public is further informed in attractive advertisements published on the real estate pages of the Boston Sunday newspapers.

In the event that anyone is desirous of renting or leasing any of the properties within the jurisdiction of this Board, the individual will be cordially received at the Office of the Real Property Department, and will be properly advised as to the procedure to be followed.

The Office of the Real Property Department is open daily from 9 A.M. to 5 P.M., Monday through Friday, fifty-two weeks of the year, holidays excepted, and the reader of this volume is invited to call upon us at any time for advice or counsel concerning the thousands of lots under our jurisdiction.

From time to time parcels listed herein will be sold and, therefore, no longer available, and other parcels will be added to the list.

Addenda may be applied for at Room 811, City Hall, during the regular business hours.

In the compilation there may be slight errors in the areas of the numerous parcels of land, or in the assessed valuations as they appear,. However, if there is any particular parcel that the reader finds himself interested in, he may check with the Board of Assessors for the true, current assessed valuation.

It is the intention of the Committee on foreclosed Real Estate to sell as many parcels as the public cares to buy, and no reasonable offers will be refused.

JOHN F. MULHERN
Commissioner of Real Property
